Dear Mr. Weisberg:

It is nice to know that you will be coming to New York. I can see you either on Friday the 31st or Friday the 7th of February. Do check with me ahead of time as to the hour.

On Friday morning I have a helper who has a freezer so if you did have something for me she could take it home with her and I could get it when I wanted it. This sounds very exciting to me. I am wondering too whether I could buy a dozen eggs from you since we can rarely buy fresh ones up here.

If you can possibly send the outline to me before you arrive, it would be very useful.

I can't tell you how much I appreciate your offering to bring me some of your products. I look forward to meeting with you.

Cordially,

*Toni*
